

MYLOANINSURANCE.COM FOR YOUR MEMBERS

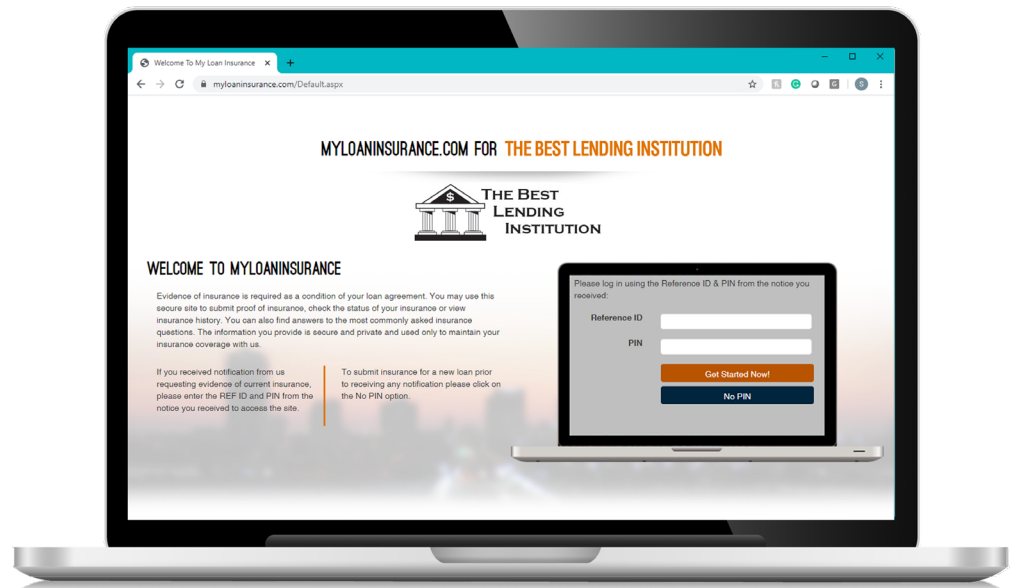

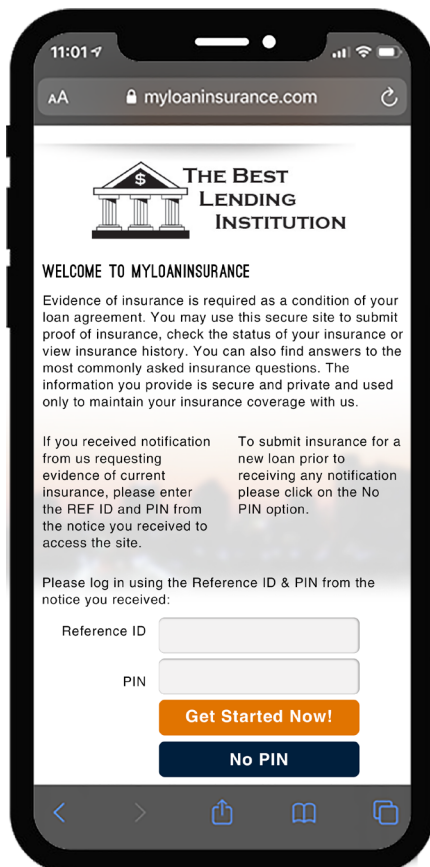

Unlike sites designed specifically for lenders, MyLoanInsurance.com, is customized to the needs of borrowers — making it incredibly easy for them to get the information they need and submit their documentation online.

Now Accepting Insurance Without Log In

Insurance can now be uploaded without an ID & PIN, which is especially convenient on new loans. To best utilize this feature, institutions should provide their unique URL - e.g., www.MyLoanInsurance.com/

MyLoanInsurance.com is ADA-compliant and privately labeled with your financial institution's brand, reinforcing the relationship you have with your borrowers.

Additional Features Under the Password Protected Site:

- Pulls real-time borrower specific data directly from InsurTrak
- Includes short, impairment-specific videos explaining the information needed
- Shows a dynamic timeline of all transactions
- Shows all periods of insurance coverage, including any lapses and when notices were sent

With MyLoanInsurance.com, your borrowers get the information they need, whenever, wherever they need it — which means fewer borrower inquiries for your staff and lower costs for you.
